

From the editor: The Treasure Coast Compass is moving to a quarterly newsletter. Next edition will include all the juicy columns that you enjoyed in the last. However, we want to keep you in the loop, so this smaller news flyer The Treasure Coast Windsock will be sent out monthly.

Went Missed? No Problem.

At our October monthly meeting we met up at Stuart Jet Center and had multiple members join in virtually. Some things you might be interested in:

Girls Scouts in Aviation Day Camp will be held virtually in January 2021. All educational videos have been submitted, but if you want to volunteer to help virtually on the day of the event, please contact Kaye. In addition, if you have any ideas or donations for goodie-bag give-away items for future in-person Girl Scout Aviation Camps also contact Kaye.

It was voted on in the meeting to make chapter dues mandatory. They are \$20 per year. Due date is TBD. Dues can only be used toward educational events. If you want to be a part of our chapter and do not have the funding for dues sponsorship is readily available.

Looking for opportunities to be more involved in the chapter? Volunteer to be a part of a committee. Kaye is looking for help with Girl Scout Aviation Camps, email her at kebelt@msn.com to volunteer. Maren can use help with outreach and social events, maren.graben@gmail.com. Sarah needs content for newsletters, email her at wendt2thestore@gmail.com with articles or aviation event write-ups. Jess can use volunteers for scholarship and mentoring programs, jestmeier@gmail.com

Witches Fly-In

On Halloween the Paradise Coast Chapter of the Ninety-Nines hosted the annual Witches Fly-In at Sebring Regional Airport. It was a success even with the marginal VFR skies that loomed over that spooky day. There were about forty-five witches and warlocks who flew in or drove in on their gasoline powered broomsticks.

They came from far and wide to enjoy great company, catch up with old friends, and make new ones over lunch. Of the attendees, our very own Treasure Coast Chapter had a showing of about eight witches and warlocks fly in. We must also commend those from our chapter who utilized great aeronautical decision making based on their personal flying minimums. Some of our chapter members made the best out of a marginal weather situation that they did not feel comfortable flying in and had brunch at First Watch (or should I say First Witch) in Stuart. It was a great day for all. We cannot wait for next year.

You Had Me at Bahamas!!

Did I get your attention? Let's fly to the Bahamas!

We have many exciting things planned and I'd like to write about a future event in the works. Who wants to fly to the Bahamas?! I have been in touch with Terry Carbonell, a 99s member and Bahamian Ambassador, and the Bahamian Office of Tourism. They are putting together an adventure for us in February of 2021. I want to speak of it now so that we all have time to prepare. We may need to request vacation time or time off from work, arrange kid/pet sitters, get customs stickers for personal airplanes, or get checked out in a rental.

We will have a Bahamian themed meeting followed by a flight over to Freeport. I am hoping to have the meeting February 6th and the flight over will be February 11th-15th, 2021. Terry Carbonell will give a seminar/briefing on Flying to the Bahamas at the meeting and get us ready for the trip. They have arranged hotel discounts for us and discounted airfare on Bahamas Air for those that can't fly themselves but want to join the fun! We may try island hopping once over there.

There are still details to work out, but I wanted to get everyone thinking about going and at least setting the time aside to be able to take the trip.

Who is in? I'm very excited for this! It will be a grand adventure!
