

Went Missed? No Problem.

The March meeting had a nice turnout of thirteen members, in person and virtually, for the presentation given by Celena Miller, the Senior Education Coordinator at NASA. She gave a presentation about the Perseverance Rover landing on Mars. Her mission is to help educate students on space exploration and its benefits. You can follow the rover in real-time online at <https://mars.nasa.gov/mars2020/>. The website provides photos, 3D imagery, and ways you can participate in the Mars rover mission. For additional questions contact Celena by email at cmiller@tsgc.austin.edu.

TC 99's Florida Fly-in's

In case you haven't heard, the fly-in food tour schedule is out! Our first one will be this Sunday, March 14th at KVRB to have lunch at CJ Cannons restaurant. CJ Cannons is listed on multiple websites as the best airport restaurant in Florida! Let's just see about that!

Sarah Wendt is the point of contact for the fly-ins and it is requested to RSVP a minimum of 48 hours before each fly-in to reserve enough space for us at each restaurant. Sarah's phone number is on the 99s directory or email at wendt2thestore@gmail.com

Maybe even make a whole weekend of flying fun! The FL Suncoast 99s are hosting airplane camping and compass rose painting at Arcadia, X06 March 13th -14th. Meet at X06 at 9 am on March 13th. Contact Kelli O'Donnell kelliodonnell2003@yahoo.com

Calling All CFI's

Our chapter wants YOU! There is a constant interest from our chapter members to know who our active instructors are. While doing a little research, I found on our very own Ninety-Nines International website a link to find all of the registered flight instructors in our area. We currently do not have a single instructor registered in the Treasure Coast area! Please, if you are currently instructing students either with a flight school or on your own, register on the Ninety-Nines website. This will be helpful to us all and could put more money in your pocket!

CFI Registration

Contact phone & email are required, but will not be displayed to the general public. They are used in order to privately forward inquiries generated by your website listing.

Terms & Conditions
 I am an instructor with current ratings. I acknowledge that by registering as an Instructor on The Ninety-Nines, Inc. International Organization of Women Pilots website that my limited contact information will be available for public viewing. I further acknowledge that as a requirement for being registered on said page that I will maintain my current membership in The 99s, as well as maintain my current instructor rating. I understand that should I let my membership lapse in The 99s that my listing will be removed from the public search feature on the "Find a Flight Instructor" section. I further understand that if I fail to update or maintain my flight instructor currency, that my listing will be removed from the public search feature on the "Find a Flight Instructor" section.

I, Sarah Wendt, agree to the above Terms & Conditions

Once registered, it will be easy for any member to find you and your qualifications. Just select the "Find an instructor" link, and on the next page select "FL." It lists the instructor name, location, certifications, and if they provide an aircraft or not. There is even a tab that gives a short bio and a one-click contact button.

As I write this, I am registering myself. Although instructing is not something I am available to do full-time I can offer my services to do BFR's, IPC's, and be your safety pilot. I hope this will encourage others to register even if not instructing full-time.

Instructors in FL, United States

The Ninety-Nines, Inc. International Organization of Women Pilots is not making recommendations and will not be held liable if dissatisfied with any of the Instructors that appear on the search results. The Ninety-Nines have ensured that each instructor has registered and met the requirements of The Ninety-Nines, Inc. International Organization of Women Pilots to be listed on this page.
